

STATEMENT OF SUBSTANCE OF INTERVIEW

Initially, Applicant wishes to thank Examiners Graham and Shang for conducting an in-person interview with Applicant's attorney, Benjamin A. Keim, on February 9, 2009. Applicant's attorney wishes to thank the Examiners for their time, consideration, and input.

During the interview, Applicant's attorney presented arguments distinguishing the proposed claim amendments from the references of record. Specifically, Applicant's attorney presented arguments as to how the subject matter in the reference fails to disclose features, such as a start file, an AppSecurityInfo XML element, and a reverse linkage in an XML document.

In the interest of expediting prosecution of the application, and without conceding the propriety of the rejections, Applicant's attorney proposes to amend the independent claims along the lines discussed during the interview.

The Examiners indicate that an updated search would be needed, and request that the proposed amendments be presented in a formal response. Applicant's attorney submits the amendments in writing in this Response to the Office Action.

Accordingly, Applicant's attorney amends the independent claims herein, as discussed during the interview. Applicant's attorney submits that all of the pending claims are in condition for allowance.
